

The 11am Easter Service was held and in spite of the change to summer hours a large congregation had managed to wake up an hour earlier.

The Children's Space was full , lots of Easter pictures were coloured, baskets decorated. The children showed their "masterpieces" to Father Gareth and the congregation at the end of the service.

Many glorious Easter bonnets were born, some with very individual and inventive designs. The Easter Bunny then made a surprise appearance armed with a basket of carrots and chocolates to distribute to the winners of the "bonnet" competition.

Then the children rushed out into the garden for an egg hunt while coffee was taken by the rather envious grown-ups!

All in all a very good way celebrate this most important date in our calendar.
